Dear Bob:

The wonderful attitude which you displayed in your last letter is deeply appreciated. I am happy to see that you have not assumed a "now or never" attitude about the possibility of my working with the Huber Heights group.

There are several reasons why I need at least another year here. The additional school work will more amply prepare me for the various contacts that I will make in that area. The experience with this group will obviously have its good effect. The congregation there will have another year in which to consolidate and make some basic gains. From many standpoints, I feel it unwise to leave here at this time.

There is no doubt in my mind about the potentiality of the Huber Heights congregation. I do wish to be a part of the great growth which I know you will experience. Please accept my apologies for not being able to come at this time and accept my hope that future deliberations can be made approximately 12 months from now. By the enclosed material you can see that we are making some progress here.

Faternally yours,

John Allen Chalk
